BANKERS NOT UNITED

Plans Go to Congress.

RESTS WITH THE COMMISSION

Currency Reform Methods Will Be of Auxiliary Body at the Willard To-day-To Call Upon Secretary Shaw and Comptroller of Treasury.

If an agreement can be reached by the at the New Willard, to discuss the subject of currency reform, the plan will be presented at the coming session of Con-

American Bankers' Association last agencies are recommended. month, a resolution was adopted referring the matter of currency reform to the currency commission, which is to mee here. The commission has full power to decide upon plans of action and present them to Congress.

Following the assembling of the comon which a formal call will be made on Macmonnies, of Paris. to deliver addresses before the commission before its adjournment

With regard to the important subjects to come before the commission, W. V. Cox, the local member, president of the Second National Bank, said yesterday:

"The St. Louis convention of the American Bankers' Association, last month, adopted a resolution referring the whole subject of currency reform to the currency committee with full power to formulate and present a plan to Congress. If a plan can be agreed upon at this conference, it can be presented at the coming session, for it does not have to be again brought before the Bankers' Association, an organization of some 8,000

Committee Has Power.

'Having such power, the commission most important in its influence, and will be far-reaching in the business world. When John C. Hamilton, of Hoopeston Ill., was chosen president of the Bankers' Association at the Washington meeting a year ago, he appointed a Federal legislative committee, and personally saw that a plan for credit or clearance, currency was brought before the American bankers at St. Louis.

"I mention this, as it was the first organized effort on the part of the association to get legislation so necessary to the continued prosperity of the country. Ten mbers, in addition to five of the leg-Islative committee, were appointed by the together forming the currency commis

currency make the task of the commission a difficult and delicate one.

"If our report is not adopted, and there is opposition, the only way I can see to reach an agreement will be by eliminatin the various bankers' and commercial conventions, and that have seemed to meet with general favor. One of these especially is the repeal of the act of 1882 limiting the retirement of national bank notes to \$3,000,000 per month. This would do away with some rigidity at least. Another is the enacting of a law permitting the United States to deposit currency customs receipts in national

Thoroughly Discussed at Meeting banks that are government depositories "This would prevent hoarding of vast cumulations of money in the ury and drawing it from the channels of trade, so prejudicial to the business interests of the country, especially during the crop-moving periods."

The plans of the Chamber of Com-merce, it is understood, contemplate a currency commission of the Bankers' Ascentral bank of issue, to be located in sociation, which meets at noon to-day, Washington. This feature, it is said, has At the St. Louis convention of the tax.
